

# Greener Green Module 7 A EUROPEAN GREEN DIMENSION

Partner name: Bell-lloc del Pla  
Date: today

# Partners

1. BLUE ROOM INNOVATION – SPAIN
2. IDEC – GREECE
3. FEDERATION DES ASSOCIATION DE PARENTS D'ELEVES DU LUXEMBOURG
4. UNIVERSITE DE LIEGE – BELGIUM
5. PRIMARY SCHOOL OF VAREIA – GREECE
6. Bell-lloc del Pla – SPAIN
7. Scuola Europea di Varese – ITALY

# Module 7: A EUROPEAN GREEN DIMENSION

1. The European Green Deal
2. Initiatives and European priorities for climate and the environment
3. Education for sustainability in Europe
4. Resources where schools can find support
5. Future perspectives

# 7.1. The European Green Deal

## The European Green Deal: origin and content

Year **2019**

5 aspects:

- climate
- energy
- buildings
- industry
- mobility

## 7.1. The European Green Deal

### The European Green Deal and the SDGs

Integrates the Sustainable Development Goals in the European political framework and in the Commission's current priorities

Reflection about how to continue developing these long-term goals

## 7.1. The European Green Pact

### The European Green Pact and education

Improve the **knowledge** of people about sustainability and climate change

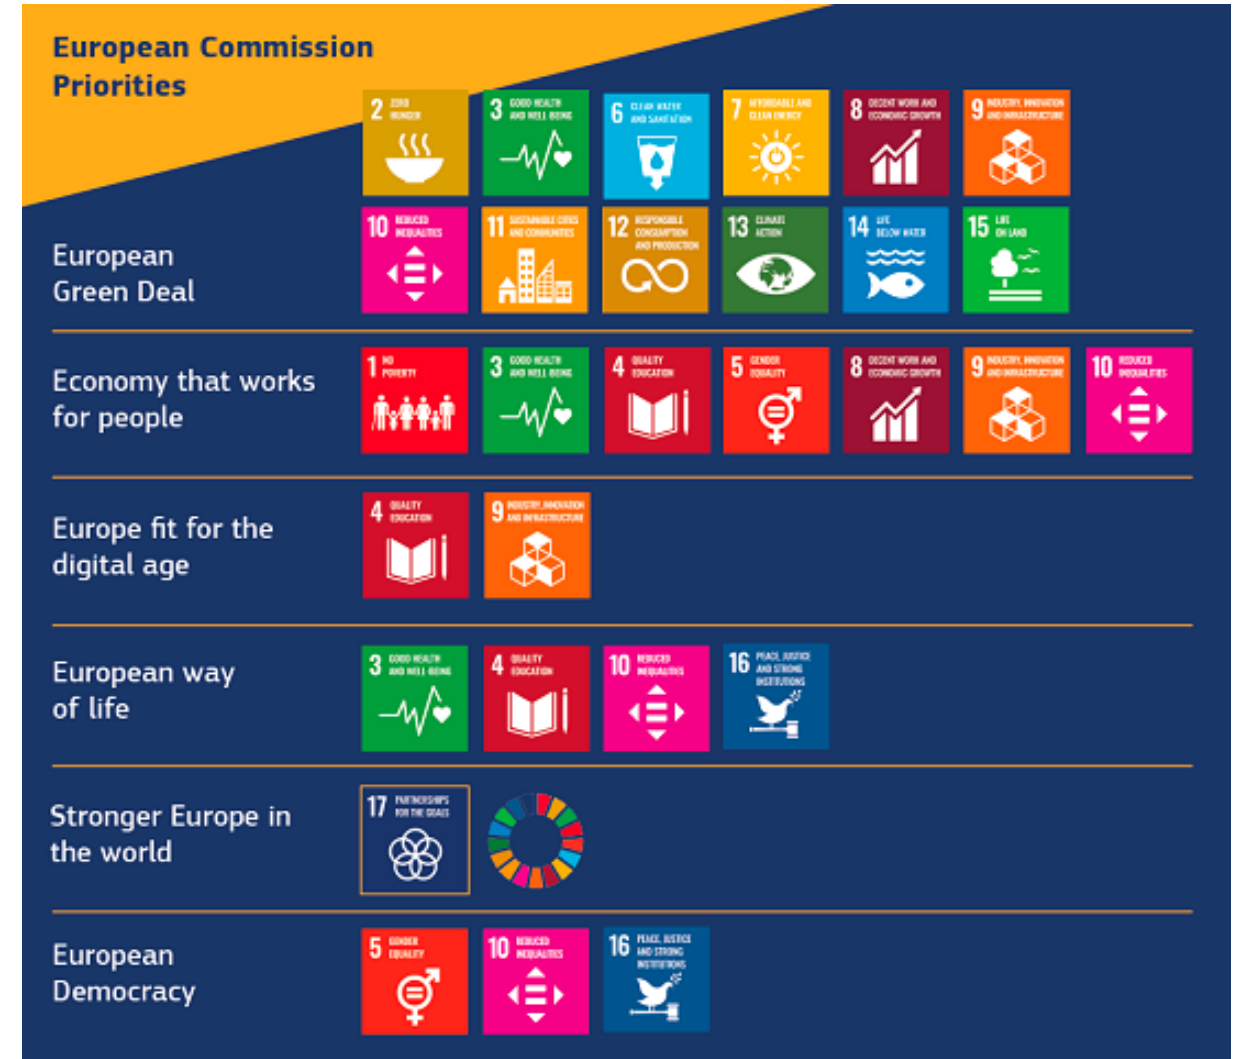

Provide people with necessary **competences** for the future green economy

Facilitate a change of **behavior** towards a more sustainable way of life

## 7.2. Initiatives and European priorities for climate and the environment

### 6 priorities of the European Commission

- European Green Deal
- Economy that works for people
- Europe fit for the digital age
- European way of life
- Stronger Europe in the world
- European Democracy

## 7.2. Initiatives and European priorities for climate and the environment

### The European Climate Pact

- Green Spaces
- Green Transport
- Education and awareness
- Green buildings
- Green competence

**#MyWorldOurPlanet**  
**#EUClimatePact**

## 7.2. Initiatives and European priorities for climate and the environment

### Citizen Participation

- Peer Parliaments
- European Citizens' Initiative

## 7.3. Education for sustainability in Europe

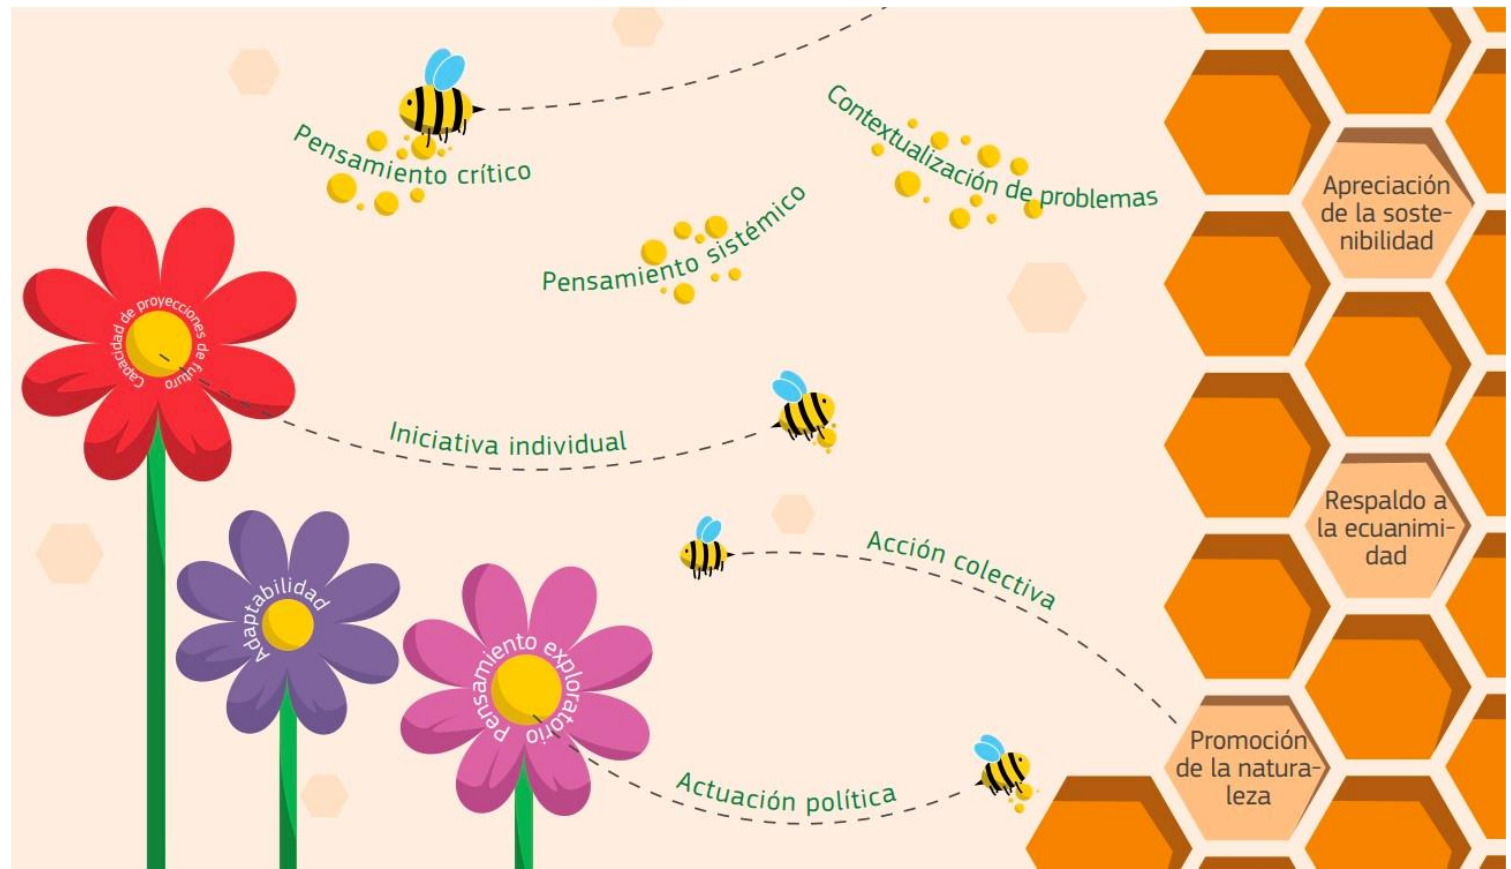

### Historical evolution

- Precedents: outdoor school
- Within the subjects
- New competence framework

## 7.3. Education for sustainability in Europe

### GreenComp

1. Act in favor of sustainability
2. Embody sustainability values
3. Embrace the complexity of sustainability
4. Envisioning sustainable futures

## 7.4.Resources where schools can find support

### European initiatives for schools and educators

1. The Climate Education Coalition
2. Researchers at School (Marie Skłodowska-Curie Actions)

## 7.4. Resources where schools can find support

### Other educational resources promoted by the EU

1. Our planet, our future.
2. Learning Corner
3. Climate Energy Quiz
4. Climatic Goose Game

## 7.4. Resources where schools can find support

### Boost your own project

1. eTwinning (School Education Gateway)
2. The Erasmus+ programs

## 7.5.Future perspectives

### Towards a competent education

- active learning
- transformative learning contexts (learning situations), student-centred and design-based and project-based.
- gamification
- dramatizations, experimental games and simulations.
- project-based learning.
- outdoor activities

## 7.5. Future perspectives

### Leading Europe in a sustainable economy

Preparing Europe to lead a new global economic context in which an increasingly interconnected world will have to face new social, economic and environmental challenges

## 7.5. Future perspectives

### The youth participation

Recover the support and faith of people, especially young people, in the process of European integration and achieving the goals towards a more sustainable economy.
